

AGENDA

3rd META Meeting Satellite event of INSIS School

16th July 2012

held at INFN Laboratory in Frascati (I)

9:00 AM Arrival @ INFN Laboratory in Frascati

Coffee Break

9:30 Chair: Silvia Licoccia – Centro NAST

Report on research activity within WP1:

- *Biomolecular docking on DNA motherboards*
- *DNA motherboard*
- *Molecular simulation*

11:00 Report on research activity within WP2, Discussion

- *Local electrochemical characterization of epitaxial thin films of proton conductor perovskite oxides;*
- *INS, DINS and QENS Neutron scattering experiments at SNS*

12:30 **Lunch**

14:30 Planning of the experimental campaigns at CNMS, Discussions

16:30 **Coffee Break**

Definition of proposals to submit for CNMS call by 14th October work at CNMS
Discussions

17:30 **End**
